Committee News

Its coming up to our end of year so its close to our Annual General Meeting and the committee would appreciate your suggestions on who would like to be on the committee.

There is a form provided for you to nominate yourself or some body you know to be forwarded to the committee before the AGM. You don't have to take a n office, just be on the committee for this coming year.

We are still needing people who are willing to be trainers for our club as we are going to lose at least one trainer at the

end of the year. If the club is to continue comfortably, we need more trainers. You will be taught how to be a trainer, so you don't face the class cold turkey so to speak.

The committee met on Wednesday May 19th at 7pm. Where the bills presented were passed for payment and the first aid kit has been updated with the current creams, bandages required if its needed thanks to Mr. Chris Daly for taking our kit down the street and getting this job completed.

We received an email from a member congratulating our

committee which was a nice gesture on her behalf so thankyou for your kind words.

The demo team for Strathalbyn to start training soon, catering for the fun day, pricing on pigs ears were discussed.

Not a lot of business so it finished early.

Thank you to all who braved the weather for our fun day last week. I think every one had a good time , and thanks to Chris Daly for manning the B.B.Q. and committee for supervising the safe use of the equipment.

Snoop's Snippets

Snoop has heard from a few of our members, we should have a winter weather policy. If the weather doesn't reach a certain temperature, we all stay home by the fire. What's your thoughts?

Snoop can see both sides to this suggestion. Firstly snoop loves a good sleep like any other dog and doesn't like being interrupted, I'm nice and

warm, comfortable, why go outside? On the other hand, he does like to see his mates and spend time with his master. A tough decision to make. I will leave it up to the committee.

Snoop feels there should be a federal government policy introduced stating, it's illegal to give dogs hair cuts during winter months. It's just too

cold for me. I don't like wearing a coat. I'm not soft— just sensitive to rumours.

Maybe some one can tell me why dry noses pay heaps of money for subs to a club to play sport when they only have to get a ball or toy and throw it and you've got your own entertainment. I don't understand their line of thinking.

Bits of Bone

Don't forget about our new website www.mbodc.com The information will change regularly as different events occur.

In the Advertiser this week in the world news section, was this piece on a burglar who chocked a pet dog.

Wellington: New Zealand police were hunting yesterday for a burglar who chocked a family pet dog in front of a teenager after it tried to defend the home in a break - in in Christchurch. The masked intruder strangled the boxer with his own hands.

.Some dog trivia information.

The first guide dog was presented to a blind person on April 25th 1938.

Paul McCartney's sheep dog Martha, was featured in the song "Martha My Dear" on the Beatles' White Album.

In the past, Muslims considered dogs unclean, with the exception of the saluki. Muslims considered the breed scared and gave it special treatment.

Why do cats only go to movies in groups of 17 or more? Because the sign says under 17 not admitted.
